John Starr, 11 years old, of 7 Thorndike st., Arlington, opened his "Independence War Bonds Drive" in Boston on Monday, where he has been selling War Bonds, since he was two and a half years old. This youngster has charge of selling war bonds, to the Boston Schools, Police and Fire Departments, City Hospitals, Public Works and other groups. He received a citation from the President for selling five million dollars worth of war bonds. John Starr has also solicited money for the Red Cross, United War Fund, Catholic, Protestant, and Jewish charity drives.

Cross, USO, Treasury Unit, and his own afternoon hospital programs, also the National Catholic Association.

This youngster, wellknown to Arlington folks, is a Harry Conover model since 1943, during which time he has appeared on various billboard posters, magazine covers, and has modeled for some of the most famous artists in New York.

His one ambition is to enter a military college.

## Ball Hits Car, Injures Woman

Friday night a woman was injured when a ball which was either batted or thrown smashed the window of the car in which she was riding.

Mr. and Mrs. John J. Donovan were driving north on Lake street, and as they approached Brooks avenue a ball hit and shattered the window of the right front door.

Flying glass struck Mrs. Donovan on the right side of her face cutting her around the eye. She was treated by a nearby physician and discharged.

## Ike Bevins Defies Death To Play Boston U. Sports

Ralph (Ike) Bevins, well known athlete is winding up his career as an outstanding three letter man of both Arlington High and Boston University. His abilities are well known, but what most people don't know is that every time Ike donned an athletic uniform he has literally gambled with death.

In October, 1946, some Boston University football players were engaged in a little horse play before practice at Nickerson Field. It was the day before a game and the boys were not wearing pads. As Walt Holmer and his assistants came out on the field someone shouted in pain.

It was Ike Bevins, first string center. He had just tossed a playful block at Walt Anderson and accidentally received Andy's knee at the base of his spine.

By the time Holmer and the trainer got to Ike he was on his feet and refusing aid saying, "I'm all right." Except for a little sore spot at the base of his spine for a few days, Ike felt no ill effects. He was a 60-minute player for the rest of the season.

When the hockey season began Ike clinched the first-string goalie spot. Although he missed the last few games that season, he was named All New England goalie.

Why did he miss the last few games? Because something happened to him that would have completely ended the athletic career of a lesser boy than Ike.

The blow fell one day when Ike was playing bridge between classes. It was his turn to bid. But he didn't bid. His lips were shaking. One arm was hanging limp. He began to make frantic gestures with the other. He tried to stand but fell down. His right leg was paralyzed. In fact, his whole right side was paralyzed. He was a pitiful sight.

**Overwork in Sports**  
The B. U. doctor said it was just a temporary paralysis caused by overwork in sports. About an hour after the paralysis struck, it left as quickly as it had come.

Ike's wife took him home in a cab. Just before they got there the paralysis struck again. The cabby carried him into the house. This (Continued on Page Two)

## Arlington Firemen In Stubborn Battle

Monday night, Arlington firemen were called to assist Somerville firemen in battling a nightmare of smoke and flames which swept some 13,000 feet of lumber in the rear yard of the Boston Burial Case Co.

The fire apparently started early in the afternoon at the bottom of one of the many piles of lumber but was not discovered until 9:15 p.m. According to the District Chief, the smoke was so thick in Davis Square only the knowledge the firemen had of the streets kept them from running into something or losing their way.

The factory is situated just off Highland avenue on Morrison st.

The lumber is stored in the rear yard where it is seasoned and processed through kilns before casements are made.

Arlington firemen arrived in Somerville about 9:45 and immediately were sent to answer another alarm which proved to be false. On their return they covered in at the Teal Square firehouse. Ladder One and Engine Four from headquarters were sent and stayed in Somerville almost 13 hours.

Late Tuesday afternoon, after firemen had been pouring water on the blaze for 18 hours the fire broke out again in lumber which had not been touched by water.

## Keenan Offers Bill For New Dental Bureau

A bill to establish a bureau in the department of public safety to enable the state to keep dental charts of all residents has been filed jointly by Representative Henry E. Keenan, Arlington Democrat, and Allan F. Jones, Barnstable Republican.

Inspired by the recent tragic fire aboard the S. S. Noronic in Toronto Harbor, the bill would provide for classification and storing of all dental charts, to be voluntarily furnished by dentists.

A uniform method of preparing the charts will be introduced to facilitate necessary identification.

Mr. Keenan stated that the cost of maintaining such a bureau would "not be heavy."

Mr. Keenan also has a letter from Rear Admiral H. L. Pugh, acting Surgeon General of the Navy in which he explained that the Navy has ordered all flying personnel to provide dental charts to the flight sergeants. The Navy believes that dental charts are vital in the Navy for identification.

## Brush Fire At Morningside

Sunday afternoon, Arlington firemen were called to Morningside at 3:00 p.m. to fight a brush fire.

Engine One from headquarters responded only to find a raging forest fire sweeping along Ridge street to Old Colony road over to Morningside drive and Winchester road. The engine radioed headquarters and asked for help.

Firemen of engines two and four rushed to the scene but the fire had already raced through the woods toppling trees and leaped over Middlesex path which goes through the middle of the woods.

Some 1500 feet of hose were put down as residents came from their homes with brooms and garden hoses to help the firemen extinguish the blaze which was growing in intensity.

Fire fighters forced their way up Middlesex path and fanned out on either side of the road beating the flames down as best they could, when a wind shift suddenly came up forcing the fire back over its already burned track enabling firemen to extinguish the blaze.

## Man Dies On Front Lawn

Hospital authorities reported the man dead on arrival with cause unknown.

Alvin is survived by a wife Claire and a daughter.

## Press Offers New Feature

This week the Arlington Press, together with a group of civic minded business firms and organizations, introduces a new page, designed to encourage attendance at local churches.

A series of illustrations prepared by well known artists, and containing a new message each week, will be presented during the coming weeks.

The Press, having arranged exclusively for the special illustrations, has arranged to continue the new feature for a considerable period of time.

Local firms feel that the page can have an important effect on the readers of the Press, and that the campaign is particularly timely at this period.

## FIREMEN —

Five Somerville firemen were taken to the hospital suffering from smoke inhalation and exhaustion.

Arlington answers line boxes in Somerville on a mutual aid basis but responded to this fire after Somerville had phoned for help. Ordinarily, Arlington would not answer a single alarm fire in Davis Square but, two separate boxes were sounded for this fire thereby presenting the same problem a two alarm fire would.

A mutual aid basis exists between Arlington and Medford, Somerville, Cambridge, Lexington, Belmont and Winchester. Each responds to each other's line boxes and two alarm fires, or helps out in the event of a situation like that in Somerville.

to participate in sports again. It might be fatal, they said.

Ike heeded the advice for a while. But when the baseball season came around he felt that he just had to play. It was breaking his heart to stand by and watch.

He played through the baseball season and continued in hockey. But he had to give up football, much to Buff Donelli's disappointment.

Now the curtain finally comes down on Ike's athletic career. He donned athletic equipment for the last time yesterday and played ball against Northeastern.

As a great football player, great catcher, and the greatest goalie in the athletic history of B. U., Ike has gambled with death in every game he has played in the last four years. He hasn't talked about it. Only a half-dozen of his most intimate friends know of the peril Ike has been in.

Ike will be graduated in June with a degree in physical education. He hopes to become a coach in the Fall. This Summer, with a few other B. U. athletes, he is going to run a day camp for boys.

## I Wonder

I WONDER who the man is that thinks his "ultra violet ray eye" will grow grass around his property?

I WONDER if the recent weather prediction of a cold summer could be the reason a well known east Arlington soda dispenser is still wearing his very bright red long underwear?

I WONDER if parents shouldn't warn their children against pulling in false alarms. There have been an increasing number lately !!!

I WONDER if the youngsters from the Hardy School enjoyed their ride on the fire engine Friday?

IWONDER who the fastest man of the Edwards midnight congress is?

I WONDER when the Town is going to fill in a few of the pot-holes in our main and side streets?

I WONDER if it wouldn't be advisable to put rubber bumpers on the safety island at Lake street?

I WONDER how many Arlington friends of John Papaleka have visited his new "Family Table" restaurant in Wareham.

I WONDER how many Arlington residents have used the new parking lot thus far. The number of parkers seem to be on the increase.

I WONDER if those Arlington residents who feel that the new Bishop School is a little too lush for the average taxpayer's pocket-book aren't really joining residents of many neighboring communities who fell the same way about their new structures. The days of the "Little Red Schoolhouse" seem to be really way in the past.

On Sunday, May 21, John A. O'Brien, Past Exalted Ruler of Cambridge Lodge of Elks, and President of the Massachusetts State Elks Association, will be honored with a banquet and reception by his many brother Elks and friends, under the auspices of the Cambridge Lodge of Elks.

Among the many dignitaries of nation, state and city expected to attend are Secretary of Labor, Maurice J. Tobin, Governor Paul A. Dever, Past Grand Exalted Ruler John F. Malley and E. Mark Sullivan. Many associates of President O'Brien in the American Telephone and Telegraph Company will also be present. The spacious Lassman Gymnasium of the Rindge Technical School in Cambridge will be overflowed with hundreds of well wishers who will pay him honor. Election Commissioner of Cambridge Thomas J. left the club having seen the play "Three Men and a Cradle".

The first alarm was sounded at 11:41 and at 11:44 Chief Roy A. Cook rang in the second bringing help from Arlington, Belmont and Waltham.

The fire apparently started back stage and swept out through the stage of the hall and down the front stairs, completely gutting the interior of the building. Bowling alleys in the basement were scorched and covered with water.

The club is one very familiar to older folks of all the surrounding towns. In years gone by, all Towns had a club similar to the Old Belfry but it was thought that this was the last one in the vicinity, the others having been burned or destroyed years ago.

## Womens League Holds Biannual Convention

The League of Women Voters of  
Massachusetts held its biannual  
convention on Tuesday, May 9th  
and Wednesday, May 10th, at the  
Hotel Continental in Cambridge.  
On the elections committee in charge  
of voting were Mrs. Bowen Tufts  
chairman, and Mrs. Gordon Thomp-  
son, both of the League of Women  
Voters of Arlington. Observers at  
the convention from the Arlington  
League were Mrs. Richard Bolt,  
president. Mrs. John Curtis, Mrs.  
D. V. Widder, Mrs. Amado Alonso,  
Mrs. Eugene Graut, Mrs. Oliver  
Allen, Mrs. Roy Freed and Mrs.  
Hugo de Fritsch.

On May 9th, the platform and  
program for 1950 to 1952 were pre-  
sented for discussion and were for-  
merly adopted on the following day.  
The program for the next 2 years  
will be "Study of Massachusetts  
Government with a view to support-  
ing needed changes to make it more  
responsive and representative, and  
equipped to meet efficiently and  
economically the changing needs of  
its citizens."

The guest speaker at the lunch-  
eon, May 9th, was Mr. Philip Al-  
len, former senator in the state leg-  
islature from Andover. The title of  
Mr. Allen's subject was "Your  
Massachusetts", a timely one in  
view of the leagues program. Mr.  
Allen said that the most pressing  
problem of modern government,  
local, state and national, is the  
treatment of popular demands for  
new or enlarged public services and  
"the dilemma of political leaders of  
all parties is to present bills satis-  
factory to public demand and yet  
with public income". He went on  
to say that one political leader will  
offer a service and then a rival  
leader will offer a better service  
and this results in an auction of  
votes which is chiefly responsible  
for the high cost of living.  
At the luncheon on May 10th,  
the guests of honor were the pio-  
neer members and founders of the  
League of Women Voters of Mass-  
achusetts. Among the guest speak-  
ers were Mrs. La Rue Brown and  
Judge Jennie Barron who discussed  
the last twenty-five years of the

League's work in Massachusetts.  
In their talks it was brought out  
that the league is a definite out-  
growth of the women's suffrage  
movement.  
Mrs. Moses Lurie, who is now a  
member of the National Board of  
the League, told about the part  
played by Dr. Louise Young in ar-  
ranging for the transfer of the  
records of the League of Women  
Voters of United States for the last  
thirty years to the Library of Con-  
gress.

# Finding

## WHAT WE LOOK FOR

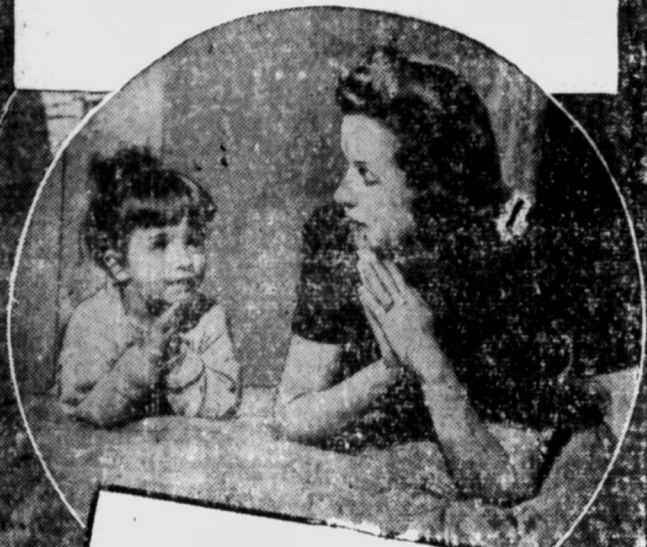

You and I usually find in life what we look for. And what we find is often a reflection of what we are.

A man who looks for trouble can find it in abundance. The person who looks for truth and beauty somehow seems always to come upon it.

One of the remarkable qualities of Jesus was that insight which enabled Him to see men not only as they were, but also as they might become. He saw Matthew, the successful business man. He also saw Matthew, the loyal disciple, writer of a Gospel story that would never die. And, He said, "Matthew, follow me." And Matthew left all and followed Him.

There is much of evil and wrong in the world about us. Much that is discouraging! Much that is cruel! Much that is unkind! God needs men and women through whom He may work to help make right the wrong things of earth. He has given us His Church through which we may work effectively.

Go to Church next Sunday and enlist your services in this great endeavor. The Church needs you even as you need the Church!

**THE CHURCH FOR ALL...  
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake of his children's sake. (2) For his own sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

## Two Local Students Winners Of Harvard Scholarship Awards

### Pre PT Holds Last Meeting

The Arlington Pre-School Parent Teacher Association groups held their last meeting of the year Monday night in Robbins Library Hall. Dr. Elizabeth Gregory of Arlington, a member of the staff of the Children's Hospital and Massachusetts General Hospital and an instructor in pediatrics at Harvard Medical School spoke on "Children's Summer Health Problems."

Mrs. Samuel R. Carlisle chairman of the Arlington Pre-School Parent Teachers Association, presided at the meeting. Mrs. Joseph I. Coppinger and Mrs. Thomas Marino had charge of the refreshments.

### ARLINGTON WOMEN ELECT PRESIDENT

Mrs. Americo Chaves of 156 Westminster avenue, Arlington Heights, has been re-elected president of the Arlington Women's Club.

Other officers elected are: Mrs. J. Milton Washburn, and Mrs. Harvey C. Abbott, vice presidents; Mrs. John Loud, recording secretary; Mrs. J. Philip Bower, corresponding secretary; Mrs. Russell S. Carr, treasurer, and Mrs. Arthur O. Davidson, Auditor.

### CROSBY PTA ELECTS 1950-51 OFFICERS

The last meeting of the Crosby P. T. A. Association brought to a close the highly successful season during which the theme of "Brotherhood" was used as a basis for the programs. Annual reports were given by the officers for the past year. Mrs. Raymond McKeever, president, summed up the purpose of the programs by quoting a Chinese proverb, "It is better to light one candle than to curse the darkness." It has been the aim of the association to encourage parents to help their children overcome racial and minority-group prejudices by trying to overcome their own, through the understanding and appreciation of various nationalities. The audience agreed unanimously that this year's programs should be continued next year.

As a preface to the installation of new officers, Mrs. Humphrey Sullivan, director of District four of the P. T. A., highly commended the Crosby group for the work of the past year. She said that to establish peace in the world we have to begin at our own doorstep, and that we must not be discouraged by how small an effort seems to be, because we cannot tell how far reaching it may be. She quoted part of a message by Mrs. Anna H. Hayes, the national P. T. A. president. Mrs. Hayes said, "As I think of Him who came to unite all men of good will I cannot help wondering what might happen if we would make brotherhood a controlling force in our lives, not just for one week but for every day in the year. We would achieve a long, long step toward the goal of peace and freedom of mankind."

Mrs. Sullivan then installed the officers for the coming year. They are Mrs. Nelson Brown, president; Mrs. Nils Werner, vice-president; Mrs. Stanley Marsh, secretary; Mrs. Howard Whitehouse, treasurer; and Mrs. Rourke, a teacher, as historian. Mrs. Sullivan then presented Mrs. McKeever with a pin which to quote her words, symbolizes "the esteem in which you are held by the Crosby P. T. A."

The entertainment was provided by Crosby School pupils. Four young violinists, Marilyn Tait, Sally Ortolano, Patricia Mahoney, and Elaine Wilkins played a waltz. A violin solo was played by Edward Cahaly. Mr. Anton Kovar, violin teacher, was at the piano. Conducted by Mr. Mazzocca, fourth graders from the classes of Miss Magnuson and Miss Loke played several pieces on song-flutes. The children looked striking in their capes and caps of blue lined with red.

The Committee on Scholarships in Harvard College announced today the award of Harvard College National Scholarships to William Alonso of 8 Kensington road, and Anthony S. Patton 21 Oakland ave. both of Arlington High School.

Over 1200 of the nation's outstanding high school seniors and recent graduates competed for the awards this year.

Established in 1934, the National Scholarships are awarded to men of exceptional ability and promise who have distinguished themselves as leaders in extra-curricular as well as in scholastic activities.

The purpose of the scholarships is to enable deserving young men not only to come to Harvard but to continue their high academic and personal achievement once here. The size of the award, varying with the financial circumstances of the recipient in each case, reflects this purpose.

If the requisite honor grades are maintained during the Freshman year, the scholarships will be renewed for the remaining three years of college and may be continued on the same terms for graduate and professional study in the Graduate Schools of Harvard University.

### LIBRARY EXHIBITION EXTENDED TO JUNE

The closing date of the exhibition now hanging in the Robbins Library, water color drawings by the English artist Thomas Rowlandson, has been extended from May 27 to June 1. These colored drawings show this famous artist's interpretation of English life during the last part of the 18th century. He shows the occupations and interests of many types of people; a farmyard in Devonshire, a military review at Wimbledon, a rag market in London, and a wig shop.
